The month of May marks many transitions in the church – EXCITING!

The first Sunday in May is the Installation and Ordination of the newly elected officers at Harvey Browne. These folks have answered “yes” to the call to serve Christ as a leader in the church. Through the Nominating Committee, God has called them to these offices.

On May 16, our youth who have been part of the confirmation class will be confirmed as members of Harvey Browne. They have said “yes” to God’s call to be an active part of this congregation.

Also, on May 16, the second graders will join the HBTween group (3rd-5th grades). This group meets monthly to learn about God’s Word, to enjoy fellowship with one another, and to grow in their faith.

On May 23, the fifth graders will transition to the youth group (6th-12th grades) where they will participate in summer trips like Montreat, Middle School Conference, and mission trips. This group also has regular gatherings for Bible study, fellowship, recreation, and mission projects.

On May 23 during worship, we will bless our high school graduates as they transition to college or careers. We will also recognize our college graduates who will transition from college.

The Presbyterian Women at Harvey Browne will install new officers in May as they transition to new leadership.

Lots of changes, new leaders, and transitions in the life of the church and in the life of its people. Times of transitions can be exciting with new adventures. The children and youth moving into the next group are excited about doing so. Ecclesiastes 3 talks about a time for everything. The Tweens just studied this passage last month. Philippians 4:6-7 that tells us not to be anxious but to pray without ceasing. No matter what transitions we are going through, God is with us always, sending the Holy Spirit to lead and guide us. EXCITING times ahead for Harvey Browne Memorial Presbyterian Church!

Blessings,
Terry Hargrave
Director of Children and Youth Ministries

Preschool News

Harvey Browne Preschool is celebrating the end of a wonderful school year! In the midst of chaos and so many unknowns, we were able to provide an experience that met all Kentucky COVID emergency regulations for child care and CDC guidelines while still remaining true to our focus of what we know is best for children. Our children have continued to thrive in a safe and engaging environment with loving and supportive teachers.

In the midst of so much craziness, the preschool has been successful at focusing on positive learning experiences and appreciating the uniqueness of each child. Learning, laughter, sharing, caring and creativity abound.

Art creations fill the hallways and classrooms at the preschool. Did you know that teachers use art as a tool to help children develop their fine motor skills as they use a variety of tools to create their artwork? Art is also used to expand children's vocabulary as they are encouraged to use descriptive language to describe their artwork to their friends and teachers. Art is also tied to literary experiences. As children create pieces of art that are tied to the stories that they read together it helps to develop critical thinking and crucial comprehension strategies, even in our earliest learners. Art exploration and creation isn't just a once a week activity at Harvey Browne Preschool, it's an integral part of our curriculum.

Now that Harvey Browne is back to having in-person worship we hope that you will stroll through the hallways and enjoy all of the wonderful artwork! For those still not able to attend in person, we hope that you enjoy some of the pictures shared.

Our last day of school is Friday, May 28 and our teachers and staff are looking forward to a much-deserved, relaxing summer to refresh. We will return in mid-August for a new school year that begins on August 23.

On behalf of the entire preschool staff, students and their families, we want to extend a special thank you to the Harvey Browne congregation and church staff for your tremendous support.

We wish you all a wonderful and safe summer.

In Christ,

The Preschool Board

Thank you for your participation!

From the Harvey Browne Green Team

Our recent Earth Day is a reminder that the care of the Earth is in our hands! What a gift we have been given.

We can't forget that it is fragile! If we drop it, it can break.

Ways to help:

- reduce, reuse, recycle
- sign a petition
- donate to an environmental organization
- call a company's customer service number and ask about such things as sourcing of their cocoa (child labor), seafood (overfishing that is destroying the oceans); fruit and vegetables (lack of basic worker rights such as water, restrooms and health services, and very low pay).
- express concern about excess packaging and overuse of plastic.

If we all do something, we can make a difference!

Cabbage Patch Settlement House

Dear Harvey Browne Members,

We wanted you to know that your mission investment at The Patch is making a difference. Here are just a couple examples of how your partnership with The Patch is making a profound difference for Keisha, Michelle and Michael.

The Cabbage Patch Prayer Concern 1:

- Since the pandemic began, there are no 'typical days' in Family Development. Right now, they're dealing with more than just food and job searches. 'Keisha' recently called asking if she could email her bankruptcy paperwork to print out for her as she doesn't have a printer at home. Later, 'Michelle' called to let us know that she and her family had been rear-ended by another car. Please pray for these families, that their burdens would be made easier as we're presently walking with them through difficult times.

The Cabbage Patch Prayer Concern 2:

- A young man by the name of 'Michael' was asked to take a break from The Patch. 'Michael' struggles with self-control and self-regulation. After two separate breaks Michael returned with a new attitude. By his own suggestion, he now meets with Ms. Micah a few times a week to track his behavioral progress. He has already begun to show improvements. Please pray for 'Michael,' and students like him, that they would respond well to Ms. Micah's behavior modification methods.
