This month as we enter the season of Lent, a time of reflection and honesty about our human condition, I find myself returning to a book title that has stuck with me: Kate Bowler's *No Cure for Being Human*. In a world where instant gratification is the norm, often problems can be solved quickly, desires sated with a click or a scroll, that phrase "no cure for being human" is a clear reminder that our humanity is an integral part of who we are and our daily lives.

There are aspects about being human that we can't run away from or quickly solve. Sometimes those are the things that are the most wonderful parts of life – a baby's giggle, a breath of fresh air, a comforting meal, experiences that make our heart and soul sing. Sometimes those things are the hardest, darkest parts of life.

Bowler, who was diagnosed with stage four cancer in her 30s, speaks with raw honesty about the beauty and fragility of life. Perhaps that's why she makes such a compelling companion for this Lenten season. This Lent, as a church community, we will be engaging with Bowler's devotional and worship theme, 'The Hardest Part: Hurt We Carry, Hope We Find.'

Throughout the season she issues the invitation to stop pretending we're holding it all together, to pause, to sit with what is unfinished and to let God meet us there. Lent has traditionally been a season in the church calendar when we pause to reflect and allow God's love to accompany us throughout. We begin Lent with the imposition of ashes on our foreheads and the reminder that "you are dust, and to dust you shall return." This dust is an invitation from God to be reconciled – to be in communion with the Holy One, humanity and all.

In our humanity we experience all the greatest and hardest parts of this beloved life – joy and sorrow, love and loss, heartbreak and hope, all tangled together. Our invitation this Lenten season is to pause and sit with it, welcoming God to meet us there.

### A Blessing for Ash Wednesday

These days of dust.  
These days of despair.  
We can hear reality speak to us  
in a clear, ringing voice.  
So we approach. Carefully.  
Barely ready to hear the hard truths  
we long to be told  
about beautiful, terrible death.

How strange that it feels  
so right and good  
to walk forward together  
wearing our finitude,  
a mess of ash smeared on our foreheads  
to be told:  
remember that you are dust,  
and to dust you shall return.

How strange that it  
feels so right and good  
at the edge of awareness

—the balance point  
of being and non-being.  
I catch my breath as I turn and look  
to see the shining faces all around.  
I see it all in a glance:  
how precious  
how precious  
how precious  
how holy each single, imperfect life,  
how beautiful  
how great  
how unconquerable  
each single, unfinishable life,  
because you deemed it so.  
You looked on us,  
covered in death,  
as a man about to walk  
a darkening path,  
the only one  
who could wipe away our ashes  
with a single act of love.

Kate Bowler. "A Blessing for Ash Wednesday" in *Have a Beautiful, Terrible Day: Daily Meditations for the Ups, Downs, and In-Betweens*. (New York: Convergent Books, 2024). 99.

## HB “Tentmakers” Pull Up Stakes

After 30 years, the Harvey Browne quilters are going to disband. There are too few of us now to sustain a group identity and maintain the equipment, tools and fabrics. Our most recent donation of lap quilts to Hosparus Health Louisville was our last. Stitch, a ministry of Highland Pres and Kentucky Refugee Ministries, is delighted to accept our offer of machines and yards of fabric.

The Harvey Quilter Bees organized in 1993, led by Carolyn Tucker. The original quilters joining her were Joyce Munson, Marian Carter, Dot Shalhimer, Joyce Steiner, Barbara Emler, Ann Burge, and Dorothy Holt. Many other quilters came and went over the years. One of the group’s earliest projects was to make a quilt for Harvey Browne’s first Habitat house, presented to the family in December of the founding year.

The quilters have always been mission-oriented, making quilts for Habitat families, Home of the Innocents, Maryhurst, Marion County Abuse Center, Kosair Children’s Hospital, Appalachian Project, Bellewood Children’s Home, and most recently Hosparus. In addition to quilts, other sewing projects were accomplished – in recent years making window treatments for the office, mementos using the Centennial quilt block for the church’s Centennial in 2016, and face masks for the COVID pandemic in 2020.

The first location for the group was the former pastor’s study in the chapel wing, and in 2000 moved their stash and equipment into Room 209. After worship on March 2, the quilters invite all fabric artists and crafters to Room 209 to select from our remaining stash – fabric (large scraps), patterns, books, and tools. We will also have 30 years of photos to share with you.

Thanks to Harvey Browne for your kind words and compliments. It has been our joy to represent the church in our projects that have offered comfort to people in Louisville and beyond.

## Mission Connections - The Sthreshley Family

A letter, paraphrased from our Mission-Coworkers **Inge and Larry Sthreshley** working in the Democratic Republic of Congo.

“Sometimes things go like you planned and sometimes they just don’t.” When we started the SEMI project (Essential Maternal and Child Health Services), we had great plans to start 200 Village Savings and Loans Associations or VSLA (Village Savings and Loan Association). The VSLA group goes through extensive training and then meets weekly where members begin purchasing shares. The amount is recorded in a member’s savings book. Their books and cash are stored in a metal box (their safe) with three keys, taking three people to open the box. When members build up their savings, they can take out a loan with interest. Each member must pay a minimum amount at each weekly meeting. Their savings are returned to them with interest at the end of the savings and loan cycle.

Although both women and men are involved in an VSLA, the focus is on young women who have had very little opportunity to manage money and who might then start their own business with a loan. This project is also linked to some of the health and nutrition agencies since poverty is one of the primary drivers of chronic malnutrition. Since Fall 2024, 32 VSLA’s have been established with other villages able to form their own banks using the VSLA as an example.

Inge will be traveling around Kasai province to train 20 community members on how to establish a VSLA; in return they will train 20 village agents to do the same. Our goal is within 2025, 250 VSLAs will have been established; it’s a bit of a stretch however with prayers they will move forward.

Don’t forget to wish our mission co-worker, Larry Sthreshley a “Happy Birthday” on March 15<sup>th</sup>! Contact the church office for his email address!

## Mission Connections - The Moe Family

Dear people of God at Harvey Browne,  
Eric and I want to express our deep gratitude to you for supporting us as Mission Co-workers during our term of service (2020-2024). You prayed for us, welcomed us in to your church, and supported us financially. You came alongside us and believed in the work we were a part of at CEDEPCA.  
We have now settled back in to the Spokane, WA community; I just started a position as Interim Pastor at a church in the presbytery. We plan to stay involved in ministry in Guatemala through CEDEPCA and also find ways to integrate the peacemaking work we learned there into our lives in Spokane.  
Thank you, God bless you! With love,  
Rev. Betsey Moe
